

AIBA Ordinary Congress 2020 to be held virtually in December

Description

International Boxing Association (AIBA) Ordinary Congress 2020 is held on December 12-13 on the virtual platform. The Executive Committee took this decision during the extraordinary meeting by the video conference on Wednesday.

AIBA Interim President Dr. Mohamed Moustahsane wrote a letter to all the national federations in advance asking their opinion on the upcoming Congress format. The majority of the members agrees that virtual event is the best solution in the current pandemic situation.

'Today we decided to conduct our next Congress virtually. We also chose to use LUMI as a technical system for voting. This system was already utilized by several International Federations including IOC and ASOIF,' addressed Dr. Moustahsane to the EC members.

'I am sure that this decision is the most appropriate in the current circumstances. We will take the best experience of our colleagues to make this Congress a success,' he noted.
