

AIBA Medical Handbook 2020 Amendments

Description

AIBA continues to pay attention to best practice measures and new updates that will assist us to safeguard our athletes. As such, the [AIBA Medical Handbook](#) has been updated to ensure the continued safety and health of AIBA's Boxers.

The following amendments and recommendations were discussed during the Medical Commission meeting on March 6 in Lausanne and further discussed with the Chairs of the Referee/Judge Commission and the Technical Rules Commission on July 3rd 2020, via conference call.

Subsequently, the EC voted and approved the amendments and recommendations in October 2020.

The [Technical and Competition Rules](#) reflect the amendments made to the Medical Handbook. Both documents are effective as of the published date.

A summary of the amendments can be found [here](#).
